Graduate student dashboard

- The units will use the Graduate student dashboard to cross-check faculty cv, which in turn means that the Dashboard itself will not be included in the pdf portfolio. It will be the unit’s responsibility to help the faculty resolve discrepancies (if any) between what the university has on record concerning graduate student advisement and what the faculty member has in their cv that would be included in the pdf portfolio. Given this data needs to be consistent, the pull date should happen no later than the Sponsored Project Activity Report pull date (listed above).
